

Dear Mr. Wilson,

So, I saw some video today showing one of your truckers assaulting a woman up at Stebbings Road (lots of witnesses). The video has been sent to all the media and I'm sure you don't want to be associated with the attacker. I urge you to take fast and permanent action to make sure he can not do this again. The people up at Stebbings road are peaceful and just trying to protect our water (something everyone has the right to feel safe about....which we don't anymore thanks to SIA and our government). This is very shameful behaviour on the part of your driver and we will not tolerate it.

Lindsey Henderson
